ALL IRELAND TRAVELLER HEALTH STUDY

Launch of DVD on All Ireland Traveller Health Study Traveller Focus Week 3rd—7th December '07

'Our Geels' means Our community/lives in Cant, Travellers own language. This DVD is about the All Ireland Traveller Health Study. It was produced by Pavee Point and partly funded by UCD. The Study is one of the 122 recommended actions in the Traveller Health Strategy 2002-2005. The main focus of the DVD is to highlight the importance of Traveller participation and provide reassurance about the confidentiality of the information collected. It also explains the why, when, how and who is to be involved in the Study and is mainly for Travellers. The HSE, UCD and various Traveller organizations from the Republic and the North participated in the DVD.

A limited number of DVD's will be available for distribution to Traveller organisations.
