

**A PAVEE'S GUIDE TO
STAYING SAFE
ON SNAPCHAT**

Snapchat is a messaging app that is used to share photos, videos, text and drawings.

How to Report on Snapchat

If you see something inappropriate, upsetting or something that makes you feel uncomfortable you can report it to Snapchat to be reviewed. To do this, press and hold the snap and press the white flag button to report it. You can also contact [Snapchat on the web](#).

It's important to remember that people who are your friends on Snapchat can still screenshot and share things you upload and send, so be careful about what you post.

How to Stay Safe on Snapchat

One way of staying safe on Snapchat is by [changing your settings to private](#).
